

What we ask of You

We politely ask that all our guests read our requests/rules for West Acre, we try not want to cover the house and gardens with signs of what not to do.

We have a list of our rules/requests for guests that we hope you will see as perfectly reasonable:

1. Whilst we look over open fields we have neighbours close by, we ask that all of our guests are respectful to our neighbours. We ask that all outside noise is kept to a reasonable level through the day and that there is no outside noise after 10pm. If you are inside and playing music etc. we ask that this is not too loud and that the windows are kept closed. We ask that the garden patio is not used after 10pm and if you are out on the terrace in the hot tub after 10pm that there is no outside music played. Please be aware that sound travels especially at night.
2. Fireworks, firepits, portable BBQ's and Chinese lanterns are all forbidden at West Acre.
3. Whilst we allow additional reasonable numbers of additional visitors through the day (please let us know), overnight occupancy rates must not be exceeded above what has been agreed and booked.
4. The visiting party must be the same the number of people that the property has been booked for, any changes must be agreed with Celebration Holiday Homes before the start of your break.
5. We ask that the hot tub and sauna are not used until after the welcome meeting, that the safety guidance is read before use and that the rules and instructions for the Hot tub and sauna are adhered to.
6. If you want to bring your dogs, this must have been agreed with us first and all guests should follow the dog rules in our Dog Welcome guide..
7. We ask that all children and any vulnerable adults are suitably supervised, especially when using the play area or on the top terrace.

We hope you do not mind our simple requests
